23/375

Dear Mr Grant

We are pleased to make this submission on behalf of the ACT Government to the Inspector-General of Water Compliance regarding Regulatory Policy Discussion Paper.

The ACT Government submission reflects a Basin-wide perspective of the challenges faced in implementing the Basin Plan and the dependency of inter-governmental water management for the ACT's long-term water security.

Thank you for the opportunity for the ACT Government to make a submission as part of the Commonwealth's consultation process. The ACT Government looks forward to working closely with the Commonwealth in relation to the Regulatory Policy Discussion Paper. If you have any further questions in relation to the ACT Government submission, please contact Mr Bren Burkevics at bren.burkevics@act.gov.au.

Yours sincerely

Shane Rattenbury MLA
